Y Access Program

## A Success Story from a Grateful Mom...

“Due to our family situation, my children were waiting outside of the school every morning until the secretary arrived and let them into the school. I had to ask a neighbor to take them at 6:30am or they wouldn’t go to school. Now, the YMCA staff are helping me with this logistical problem...my kids are given some food, and they even get help with their homework! ”
