

## BIG BROS. BIG SISTERS INDEPENDENCE REGION - Mentoring

is proud to present a success story about...Kylee

Big Sister Terry and Little Sister Kylee, from Clayton, Gloucester County, celebrated their 1<sup>st</sup>-year match anniversary on 11/15/2017. They celebrated by dressing up and dining at the Franklinville Inn. They loved the food and atmosphere, and will

definitely return in the future. One of Kylee's greatest memories with Terry is learning how to ride a bike without training wheels. Kylee didn't have a bike, so Terry applied to BBBSIR's partner One Simple Wish and was able to get Kylee a bike. After a few weekends of riding, Kylee was riding like a pro. Terry said Kylee is willing to try new things, she's very outspoken if she doesn't like something, and their time together is always fun. Kylee's mom sees Kylee and Terry doing a lot of first time things that she's always wanted to do with her daughter, like going ice skating. But her mom knows that it's not realistic to promise Kylee one-on-one time because she has 3 children, one with behavioral challenges. Kylee's mom said Kylee totally loves her Big Sister Terry, whom she talks with daily, and she knows that Terry provides the right support for her daughter.
