

**FOOD BANK OF SOUTH JERSEY -
Glo. Co. Children's Health & Meal Program**

...is proud to tell you how they help feed Gloucester County children

Nadine Worlds is Resident Services Coordinator for NHP Holly Bush Gardens, an affordable housing complex in Glassboro. Most of the tenants she serves are families in need. This year, she was able to increase services,

and that greatly helped one little boy in particular. "Our budget is minimal and we depend on summer meals and Kidzpak to provide food to our community," she says, "so without the help of the Food Bank of South Jersey, we would not be able to help as much as we do. The kids ask if we have gotten our deliveries for Kidzpak and are relieved when it comes because they know that means they will have a meal over the weekend."
