

## Your United Way

Since 1957 the United Way of Gloucester County has been working as a catalyst in our community. We bring together partners and resources to help those facing a crisis as well as to prevent future needs by developing leaders, improving education and helping individuals and families lead safe, stable and healthy lives.

Gifts to United Way of Gloucester County make tomorrow better than today for many in our area by improving lives in the areas of education, health and financial stability.

Every day, individuals and families find themselves facing situations they never imagined and are unprepared to manage on their own. It may be due to a single life changing event, or a series of unexpected experiences.

We never know when our lives will turn, but when it happens, those facing life's challenges can find help and hope through the United Way's partners and initiatives.

We are connected, and it takes all of us working together as a community to improve lives. When you support the United Way of Gloucester County, you support a better community for all of us.

**THANK YOU**  
for being part of  
the caring power  
of community.
