Ways to Support our Annual Campaign:

- Engage employees in **Living United** by hosting a **Workplace Campaign**. This fund drive allows individuals to make charitable contributions at the workplace through payroll deductions.
- Lead by example with a generous annual **Corporate Gift** or matching gift to support your employees' act of giving!
- Make a **personal contribution** that impacts lives today and consider planned giving that prioritizes our community for decades to come.
- Become an annual **Corporate Sponsor** and be visible in our campaign materials and event promotions, while helping to keep our administrative costs low.
- Join the **Live United 365 Small Business Circle** for \$365 a year (just a dollar a day). Members' collective contributions support non-profit organization initiatives throughout the year.

Prepare the Next-Generation of Community Leaders

Lead Gloucester County exists to educate, empower, engage, and enhance the individual and collective power of professionals, entrepreneurs, nonprofit leaders, and community members to improve and work toward the success of our county. Support our next generation of leaders by sponsoring this certificate course, which provides an overview of Gloucester County through seminars, panel discussions, and tours. We also invite your next-gen leaders to participate in this leadership training that prepares them to grow in their careers and to serve on community boards and committees.

"Karen and I are honored to lead the 2024 Campaign and look forward to meeting with you to answer any questions you may have about the United Way of Gloucester County, its partners, programs, and initiatives. Through the support options listed above, our myriad of programs and events, and our newest Lead Gloucester County initiative, join our efforts to create a thriving ecosystem where individuals, families, businesses, and organizations collaborate to support our community's educational, financial stability, and healthy living needs. We THRIVE when we LIVE UNITED!"

DONATE • VOLUNTEER • THRIVE!

Our Community Volunteers take action and make a difference in the lives of many in Gloucester County!

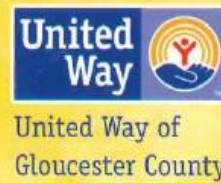

For 67 years, the United Way of Gloucester County has been a connector, supporter and advocate of business, industry, government, and non-profit organizations' efforts to support our community through **local, trusted, effective, and impactful services.**

Approximately one-third of Gloucester County residents receive assistance through programs and initiatives supported by the United Way of Gloucester County, and all **funds raised by our campaigns and programs stay local**, supporting our Gloucester County neighbors. Our volunteer board ensure we run an efficient, accountable organization with a low administrative cost base.

The United Way of Gloucester County brings people together to build strong communities through high quality education, employment opportunities, and health access and equity.

We THRIVE when we LIVE UNITED!
