

**THE ARC GLOUCESTER  
PRESENTS:  
A SUCCESS STORY STARRING ...  
*Frank***

Frank, a 45-year-old man who is a camper at our Camp Sun 'N Fun, lives at home with his senior parents and grandmother. He requires 24-hour supervision and assistance with all daily activities due to his developmental and physical disabilities. Per his mother, “camp has been a Godsend to our family. My husband and I are in our 70s and we’ve never had much time to ourselves in our 52 years of married life. Because my husband and I have total trust in the camp administrator and the counselors, we have been able to take much-needed vacations. While Frankie was in camp this past July 2023, I had a total knee replacement that I’d needed for a very long time. Knowing that he was being well cared for allowed my husband to help me with my recovery, without having to also tend to Frankie’s everyday needs. I would consider his time at camp a necessity, not a luxury. Frankie’s memories of summer camp are so very vivid, and I pray they always will be. We are so grateful to Camp Sun 'N Fun and the dedicated staff that make it possible for our son to have the opportunity to attend this wonderful camp each summer.”
