

# What Impact Has United Way of Gloucester County Had on These Programs...?

## Arc Gloucester - Camp Sun 'N Fun

The support from United Way of Gloucester County has had the greatest impact in allowing Arc Gloucester's Camp Sun 'N Fun to provide a level of care that enables parents and caregivers to feel comfort in leaving their vulnerable loved one in our care. Without that support, many campers and their families would not have had the opportunity to rest, relax, mentally and physically rejuvenate, and just plain have fun. For a family caring for a loved one with a disability, this respite time is more precious than anything else. The Camp Sun 'N Fun Respite program is the only chance 99% of applicants have to get that respite, which would not have been possible without funding from United Way.

## Big Brothers Big Sisters Independence

United Way of Gloucester County funding for Big Brothers Big Sisters Independence has never been more significant in our ability to serve the County. We will be using the funding to support matches in the county and to strengthen our volunteer recruitment and enrollment capacity. As of now, we predict that we will have a level number of 50 matches in Gloucester County in the new grant year. Since August 2021, we have hired seven new CB Program staff, including a new Director and Manager of Enrollment and Match, who will oversee the growth of matches made in New Jersey.
