Camp Sun 'N Fun

UWGC IS HONORED TO PRESENT A CAMP SUN 'N FUN SUCCESS STORY STARRING...PAM

Pam has physical and intellectual disabilities, but that has never stopped her. She began coming to camp five (5) years ago. Shy at first, she quickly embraced camp life and looked for new challenges every year. Pam's progress was so impressive, she was invited to be a member of the staff for a season. Pam's family was so happy with her progress that they helped her acquire her own apartment and she learned how to maintain her own needs and finances.

In this last year, Pam took full responsibility for scheduling her own camp sessions, including working with her Support Coordinator to ensure it is in her budget. She has also registered for respite weekend trips throughout the year, all on her own. She is very proud of her independence and attributes her "need to achieve" to those earlier years at Camp Sun 'N Fun.
