

The Arc Gloucester Presents:

A Success Story featuring...

SEAN

Sean has been attending Camp Sun 'N Fun since 1996. His parents describe it this way: "Our son's attendance at Camp Sun 'N Fun is a unique opportunity for us to take a much-needed vacation each year...knowing that Sean is in such a safe, supportive, and fun environment gives us peace of mind and allows us to truly unwind. It's a win-win for the whole family...Sean enjoys spending time with his peers, making memories, and engaging in activities that he loves, while we have the chance to relax and recharge. What stands out the most, though, is the joy Sean experiences when he returns home from camp. He always comes back with a smile on his face and talks about his adventures for days. The friendships he's formed and the sense of belonging he feels at Camp Sun 'N Fun are priceless. The positive impact that Camp Sun 'N Fun has had on our son—and on our family as a whole—has been immeasurable. We are incredibly grateful for the experiences he's had there and the memories he's made. It's a place where he not only has fun but also grows as an individual, developing new talents, friendships, and a love for the arts."
