

Boy Scouts of America, Garden State Council Presents: A Success Story About Jordan & Genevieve

The Garden State Council BSA has been working on a partnership with Gill Memorial Library in Paulsboro for the past six months to start a new unit in town. We are proud to say that this partnership between Garden State Council and Gill Memorial Library has come to fruition. This past December, Gill Memorial Library officially chartered Cub Scout Pack 7051 for boys and girls in grades K-5! We served seven families with the Scouting program here at the end of 2022 and continue to build this Pack into 2023. We are also planning on the addition of a Scouts BSA Troop for Boys and Scouts BSA Troop for Girls. In this unit, there is a brother and sister, Jordan and Genevieve, who attend the library with their grandparent regularly. While at a sign-up night, we were able to speak with the grandparent, who was excited to get Jordan and Genevieve involved in the Pack and Troop so they had more opportunities to succeed. They are both now registered Scouts and are looking forward to all the fun and new opportunities that await them.
