

Center for Family Services Presents: A Success Story About Tanya

In May 2022, Tanya and her grandchildren became homeless as a result of domestic violence. She had no family or friends to rely on. She was awarded a Section 8 voucher, which was going to expire within days, at which time she would lose her voucher and be terminated by the Board of Social Services. When Tanya arrived at Mother Child Residential, she was immediately provided resources and referrals to address her homelessness. She was provided case management, advocacy, and a stable living situation, which gave her the support, confidence, and guidance she needed to overcome her circumstances. During her stay at Mother Child, she attended workshops that helped her with parenting, budgeting, how to prepare for a job interview, and also how to navigate the housing market.

Today Tanya has achieved multiple goals in the program. She now has a car that will help with transportation, both of her grandchildren are in school, her grandson is getting the necessary help for his behavioral disorder, and she has secured permanent housing in a townhome with Section 8. Center for Family Services is excited to see Tanya finally move into her home and be a part of her journey.
