

## What Impact Has United Way Funding Had on... CENTER FOR FAMILY SERVICES?

**Grant funding from United Way of Gloucester County addresses the needs of Gloucester County's most vulnerable women and their children in our Mother Child Residential Program (MCR). This funding provides direct client assistance support to meet the basic needs of mothers and children who would otherwise be homeless. The client assistance funding makes an immediate positive impact on the family and continues to meet each family's needs as they transition from MCR to permanent housing.**
