

What will your 2025 United Way gift buy for Food Bank of South Jersey?

One of the key measurables for those in the emergency food safety industry is to calculate the number of meals provided for every \$1.00 donated. In the South Jersey region, we estimate that \$1.00 provides up to 2 meals.

\$1.00 per week (\$52.00 per year) will provide 104 meals.

\$2.00 per week (\$104.00 per year) will provide 208 meals.

\$5.00 per week (\$260.00 per year) will provide 520 meals.

\$10.00 per week (\$520.00 per year) will provide 1,040 meals.
