

## What Impact Has United Way Funding Had on... FOOD BANK OF SOUTH JERSEY?

**The impact that United Way of Gloucester County's generous support has on FBSJ's food distribution programs...in the past several years supporting the Woodbury School Pantry and this year for Paulsboro Hope Mobile...cannot be overstated, as it allows FBSJ to build upon its history of providing free and nutritious food to the residents of Gloucester County. The ability of families to access nourishing food on a consistent basis at a familiar and local site in Paulsboro ensues a better quality of life for all residents. Children who are well-nourished enjoy improved overall health and are better able to achieve greater success at school. Adults with access to nutritious food can benefit from healthier diets that may prevent or delay onset of many health concerns. The impact of food security can result in a better quality of life for all residents of Gloucester County, better school outcomes, the reduction of healthcare costs due to illnesses related to malnourishment, and the growth of a healthier and happier community.**

(comment provided by the organization on their Request for Funding Proposal to UWGC)
