

# HollyDELL Presents:

## *A Success Story featuring...*

### Shane

Shane K. is an upbeat and optimistic young man who attends the HollyDELL Adult Day Program. He has cerebral palsy and lives at home with his mother. Shane requires assistance from caregivers to engage in daily activities but loves to socialize. He has a strong passion for music, especially the rhythm of the drums, and he particularly enjoys country and Christmas songs. Shane thrives in creative environments and has a fondness for arts and crafts. He also enjoys watching game shows, with *Wheel of Fortune* being a favorite. Shane values community outings and takes part in small group activities with his peers at his day program. This year, he visited Adventure Aquarium, Academy of Natural Sciences, Riverlink Ferry, and Cohanzick Zoo. He also had fun bowling, going to the park, and visiting the mall. Shane's mother said she loves the community inclusion program and is very grateful that he can go out into the community and socialize, which he really enjoys, since she is unable to take him out on her own. Thanks to the support of his family, friends, and the community inclusion program, Shane leads an active and fulfilling life, full of new opportunities and experiences.
