

A Success Story submitted by Literacy New Jersey Glo. Co. Program showcasing: MARIA & SAULO

Maria and Saulo live in Woodbury. They emigrated from Mexico several years ago, and came to Literacy NJ Gloucester in April 2025 for English as a Second Language class as well as citizenship classes. Maria and Saulo worked closely with their tutor Joe who is also an Americorps member. Together they completed their N400s (officially called the Application for Naturalization...the primary form used by lawful permanent residents to apply to become a naturalized citizen) while taking classes. On October 30th, Maria passed her citizenship test and is currently looking forward to her swearing-in ceremony. Joe is still tutoring Saulo on his spoken English in preparation for his upcoming interview. We applaud their achievements!
