

What Impact Has United Way of Gloucester County Had on These Programs...?

Literacy New Jersey

United Way funding has been instrumental in the academic success of adult learners who are striving to achieve their goals. Our United Way partnership has been essential to the stability of student services, especially since COVID. With support from United Way of Gloucester County, literacy instruction continued uninterrupted during 2020, 2021, 2022 and beyond. This would not have been possible without this partnership. Stable United Way support has helped Literacy NJ leverage additional funding sources such as federal grants from USCIS and Americorp Seniors. By continuing to invest in Gloucester County's most vulnerable families, we are helping them thrive through United Way funding.

Maryville

United Way of Gloucester County funding helps bridge the gap between the full cost of service delivery and the current reduced reimbursement rate. This ensures that Gloucester County residents receive the full scope of Maryville's services and have effective recovery support services upon discharge.
