## *Center for Grief Support*

**UWGC IS HONORED TO PRESENT A SAMARITAN HEALTHCARE & HOSPICE SUCCESS STORY STARRING...ONE OF THEIR OWN VOLUNTEERS**

The husband of a long-time volunteer of Samaritan was cared for by us in 2019, and, upon his death, his wife (our volunteer) initially expressed that she did not think that she needed grief support. After a heartfelt discussion with one of our grief support counselors, she ultimately chose to participate in our “Grieving the Love of Your Life” group sessions. She came away from the experience so thankful and grateful for the benefit of the support that she chose to make a substantial donation to Samaritan Healthcare & Hospice. In addition, her family also chose to seek grief support, based on her positive outcome.
