The Agency follows the provisions of ASC 740 "Accounting for Uncertainties in Income Taxes". This addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return are reported properly in the financial statements. The Corporation recognizes the tax benefit from an uncertain position when, based on technical merits, it is more likely than not the position will be sustained on examination by the taxing authorities.

The Agency has reviewed tax positions taken in filings with federal and state jurisdictions and believes those positions would be sustained should the filings be examined by the relevant taxing authority. For federal
