

All funding provided through United Way of Gloucester County goes toward providing services to individuals experiencing homelessness who would otherwise be ineligible for emergency shelter services. The goals of this initiative are in alignment with Gloucester County's Five-Year Consolidated Plan to address housing and community development needs; therefore funding provided through United Way of Gloucester County has an impact on the quality of life and economic well-being of the community.

During their stay at Eleanor Corbett House, clients will have the opportunity to collaborate with case management to establish a written plan that details support, activities, and resources required for the individual to achieve personal goals, including education services via the McKinney-Vento Act, and develop strategies for accessing permanent housing.

What impact has United Way funding had on Volunteers of America – Eleanor Corbett House?
