

## YMCA OF GLOUCESTER COUNTY

### PRESENTS:

A SUCCESS STORY STARRING ...

### *A Child at Our Afterschool Program*

YMCA of Gloucester County sends our surveys seasonally to families...in one of our recent stories a parent commented:

“My son has a fantastic time at the Afterschool Program. I love the flexible schedule and the budget friendly pricing. I highly recommend!”

This speaks to so many levels of our program that separates it from others. First and foremost, we ensure kids have a safe and enriching environment to explore, grow and thrive. It also speaks to the nature of the program...we want to create opportunities for working parents to stay employed, knowing their kids have safe and reliable care. We also make our program accessible to families from all economic backgrounds.
