

Gloucester County YMCA Presents: *A Success Story featuring...* **Casen**

Casen is a 2nd grade student at West End Elementary School. His mom shared this feedback:

"When I go to pick up my son, he doesn't even want to leave with me. He loves it at the YMCA. He loves the staff there, the activities, being able to be around other kids, and having fun. I can't wait to see what the summer camp is like. Thank you for being there for kids and giving them something productive to do."
